

SVRA Technical Bulletin #TB2011-004

Subject: Head and Neck Restraints

From: Colin King, Technical Director

Date: March 8, 2011

Effective immediately, head and neck restraint systems such as the Hans device, are no longer mandatory at SVRA events.

While SVRA recognizes the benefit of these devices, we prefer to list them as “highly recommended, leaving the choice to the individual.

Colin King
SVRA Technical Director
