

**Notice To All Participants
of
The Spring Vintage Festival 2014**

We are pleased that the Shelby American Convention is joining SVRA and Road America in the 2014 Spring Vintage Festival.

In order to facilitate the SAAC Organization and the number of participants it brings to the event, SAAC will be occupying the entire North Paddock, including the Lester Carport, the Corporate Paved Pad and all other paved and grass areas of this paddock area.

If you normally paddock in this area, we ask that you use other areas within the large Road America paddock areas for your purposes during the event.

SVRA Paddock Marshals will be sending 6 to 10 rigs at a time through the tunnel into the Paddock Areas to reduce congestion in the paddock and to prevent haulers and trailers "holding" on the steep access road through the paddock.

Your co-operation is appreciated.
